Details: ALL Profits from this record donated to charity. --- --- --- --- --- --- --- --- Why is it that Americans heneral and movies still think that intelligent people are NERD and heeks think. The common culture and religion from differently ostracized people from the Middle Ages thought to. Believable for the whole world from the apes, we will die, or was the center of the universe was not. The people hanging, and the problem stake was burned down. Early 20th century Sci-Fi scientistes only a movie, but it was not nerdy mind. They damage and take parts of world together to create a dead human body organs were highlighted. Modern and engineers scientist outside EOF is still considered to be public. The fact is that America is still the main things that people are not intelligent, social, or a sex life and medical Urkell Steve Brown (Back to the future), which still pictures are very clear. And this is only the case is not true. It has trained with the office in Europe. It is more than Goths average, more intelligent than average citizens are proving that the study was conducted. They often study electronics, jelly-management functions, and is a good Poetry. Children Culubime have proved it. They not only NERD and the Goths were often to check people that they are not Humble. Trenchcoats it on a computer that never again wizkids Bullies. --- --- --- --- --- --- --- --- We are HOINH We are LEGION
