With a style of Tori Amos and A Fine Frenzy mixed in with a hint of Amy Lee, this 12 year old singer songwriter uses her genuine lyrics and touching melodies to bring you on an unexpected journey. 10 MP3 Songs POP: Today's Top 40, POP: Piano Details: At just 12 years old, Jessica has already established herself as a prolific songwriter and seasoned performer. She writes music and lyrics with an ability that stretches far beyond her years. Jessica initially displayed an interest in the piano at the age of 3, and by the time she was 6, Jessica was playing sophisticated arrangements. Her musical style has been compared to that of Tori Amos, A Fine Frenzy and Kate Bush, but with an artistic vision all her own. Jessica wrote her debut album, 15 Minutes Ago, over a period of two years. At the age of 11 she wrote and recorded her first series of songs, including Who You Really Are, Listen, Vanessa, and Goodbye. A year later, with a notebook full of new songs, Jessica recorded the rest of the album with seasoned producer, Jimmy Landry. The outcome is a series of songs that embodies a variety of emotions; from the rock arrangement of Can You Feel It, to the ethereal melody of Still Not Enough, to the shadowy rendition of Linkin Parks Numb. Jessica will be donating a portion of the proceeds from the album to the Childrens Hospital of Los Angeles (childrenshospitalla.org) and Music for Relief (musicforrelief.org). Please take a moment to learn more about these two incredible organizations. People who are interested in Tori Amos Sarah McLachlan A Fine Frenzy should consider this download.
