Country Texas Swing/Gospel 12 MP3 Songs GOSPEL: Country Gospel, COUNTRY: Western Swing  
Details: Kens Country Early in the recording of this album one of the guitar players (Marlin, I think) was mumbling something about wanting to cut loose, rip out a barn burner, and so Ken says, How about this one? Whereupon he launches us into an entirely unscheduled He Wipes the Tears Away. That pretty much set the tone from there on out. So heres to all the people who played their hearts out on these tracks and to Ken, for writing such a great bunch of tunes. To all of the 11th hour barn burners everywhere--- Have no Fear, Kens Country is here! Since that time I have written several thousand songs poems, before that time I never put a rhyme together, never sang a song. Jesus gave me the ability and a reason to sing, I owe everything to Him.
