developed a great love for music through her fathers diverse record collection, a culturally rich hometown, and music instructors who mentored and encouraged her. She participated in the typical outlets of church and school choirs and musicals. Her unique talents have taken her across the globe, earning a scholarship to Interlochen Arts Academy Summer Camp; playing live in Mexico, the Ukraine, and Israel and on Radio RRM in Poland. Kristine also taught high school German and was an exchange student to Germany. Kristine has earned her wings and in turn has spread them with poise and a quiet confidence that comes with a passion for what she does. She has been honored for her songwriting skills by Nashvilles Embassy Music for the song, Speak the Words, garnered a Michigan Merit Award for Petersen Productions, Inc. through an original music video, played countless performances to audiences from 20 to 1000, and has been compared to artists like Jimmy Webb, Sarah McLachlan and Carly Simon. Her music and warm, rich vocals resonate with timeless appeal. I look forward to every Kristine Seelye concert. Settling into my seat is as satisfying as decanting a treasured vintage into fine crystal. Great experiences of the past never fail to heighten expectation, but the true joy comes the moment the music begins anew.
