Acoustic, faith-centered, harmony-infused mix of countrified hillbilly rock 17 MP3 Songs COUNTRY: Country Folk, GOSPEL: Contemporary Gospel Details: The Hinckley's What makes a band stand out from the crowd? Frosted hair? A new shirt from Pac Sun? A funky guitar solo? Or is it something deeper... Yeah, they could talk about how they write and produce all of their own stuff...And how they've been singing together for as long as they can remember...And how music to them is a certifiable passion...But what makes them different? What draws people to listen...And remember? Well...there's no simple explanation. But try taking a few moments to listen to the songs...the music...the lyrics...the harmony...the blending of brothers' voices grounded by the soul of the South. And if you find yourself saying, "Yeah...I like that"...then you'll start to understand the answer. Having been together in Knoxville again since August of '03, The Hinckley's have been hard at it performing and perfecting the craft. They were invited last October to open a homecoming show for Jericho Road in Knoxville and released six months of work on their first full length CD "Everything I Need" March 6. They invite you to visit thehinckleymusic.com to find updated pictures, a biography of the guys and their life, music clips from the new album, and info on getting your own copy. The Hinckley's are a mix of Contemporary Christian and Progressive Country and they sing what they know. This is just good music...Some makes you want to move...Some makes you want to close your eyes...And all of it you believe and for a few minutes live.
