Shimmery guitars and delicate keyboard lines. Nostalgic vocals and foggy memories. City streets and cool green summer grass. 5 MP3 Songs ROCK: 60's Rock, POP: California Pop Details: This new collection of songs by The Merkin Dream is a lament over failed paintings, tragic love and a late night search for food. "Cottage" takes us from a hazy New York City subway to a crisp late summer evening on the beach by way of winding guitar and keyboard lines, layers of airy textures and beautifully honest vocals.
