If you are looking for moody music that runs through exotic tones and dark rhythms this is it. 12 MP3 Songs ROCK: Instrumental Rock, JAZZ: Jazz Fusion Details: Picture a guy in the Secret Service. Now imagine him jamming to some heavy, instrumental rock. Enter: Tony LaBosco. Yeah, that's my current career but with a little luck I'll be pursuing my lifelong dream of playing guitar for a living. Back in the early 80's I was into the speed, thrash, death metal scene. My first band, "SAVAGE DEATH", was a fast and furious speed-metal outfit out of Rutherford, New Jersey. This is my first full-length instrumental CD and it is a far cry from those early days! My style and sound are unique. I like to think of it as very moody. Sort of a musical journey from exotic tones to dark rhythms. I have been told that I sound a bit like Satriani, Beck and Hendrix at times. Not bad company to be in!
