Jerome Tru Yokefellow Williams Loves God and His Son Our Lord and Savior Jesus Christ. Living in Kansas City Missouri for two decades, a lot has happened since moving from his hometown of Ft. Worth Texas in 1984. Giving his life over to the Lord in the spring of 2001, Jesus saved Jerome from a life of destruction, alcohol, abuse, street life, sex out of wed-lock drugs. Jesus also spared Jerome from and early death out in the mean streets of Kansas City Missouri. One night while out with a friend at a local strip club Jesus in His mercy and grace intervened and stop a man from shooting Jerome in the head. There were more horror stories but that was the greatest impact that had an effect on Jerome. In the winter of 2000 minister Paul Cooper came to Jerome while he was working on his solo rap cd and told him that God wanted us to do a Gospel rap album. Jerome was puzzled by the request because they had recorded 4 local gangsta rap albums with their underground group N.S.B. (North Side Ballas). But God was already working on Jeromes heart through a coworker at his job who took the time to minister to him over several weeks. After a week are so went by after the good news minister Paul gave him the Holy hip hop group Saint Hood was born. Mister Paul also carried the news to Jeromes younger brother Anthony and God was also dealing with him in his life. Soon after both were saved and filled with the Holy Ghost. Saint Hood s first release was The Spirit Of The Lord and the ministry begin. Brother Jerome wanted a name out of the bible to be his moniker, the Spirit lead to Philippians 4:3 and Tru yokefellow was the name, it literally jump off the page as quoted by TruYokefellow. Than in 2004 Saint Hood released their 2nd album In The Will Of God which was a blessing to a lot of people. Now in the summer of 2006 Tru Yokefellow released his 1st solo album This Is My Destiny to the world continuing the ministry preaching Gods Word
