Young Jann was one of the most talented adepts the Academy had ever seen, and, as his Master Speritus believed, someday his magical abilities would take him far. If only it weren't for one obstacle: Jann was not of royal birth, and as a Plebeian the Quirinabi hierarchy would never permit him to obtain a high office at the palace. Had they forgotten that Jann was also a former gutter brat who had once been a promising thief on Market Street? He knew how to break the rules to get what he wanted. The First Eye of Quirinab was the sacred source of all magic in the Empire and Jann's one chance to get the oyl talisman he needed to achieve his dreams. But when he breaks into the Central Chamber to summon the Eye's power, Jann is cursed with the Mark of the Second Eye, a wicked scar on his chest that is supposed to be evil but has also unleashed new magical abilities within him. With the help of a wolf-bat-dwarf-rabbit hybrid named Brodi and an Amalthean witch named Dania, Jann discovers the Oracle at Benet-om'neat and learns that he is a key player in a prophecy that could end centuries of peace in the land of Kyr. The nature of his role-executioner or deliverer-is unclear, and the only possible answers lie in the Valley of Enadia, where he hopes to find the Second Eye that has been lost for seven hundred years.
