Attention: Discover How You Can Easily Boost PR On Pages Throughout Your Sites With An Advanced Linking System! "Effortlessly Optimize Your Sites Linking Structure To Send The Search Engines Wild, Devouring All of Your Page and Giving Them Prime Search Rankings!" Give Your Sites The Edge Needed To Beat Out Millions of Other Pages With A Few Simple Tweaks To Your Links! cover From: Georges Dear Friend, If you want your sites to thrive in the free search rankings, then setting them up in a way search engines like is vital. If you don't, then the search engine spiders give the prized search rankings you should be enjoying to other less qualified sites -- only because their sites were easier to scour! This is why you need the right linking structure throughout your sites. When you do, then you get more of your pages in to the search engines (which equals more cash) and your pages get seen in a more positive light (because Google Page Rank is distributed correctly). The problem is if you have more than a few sites, setting-up your links right can be an impossible task. Instead, you need... An Autopilot Solution To Optimizing Your Sites Links So The Search Engines Devour Your Pages! Let me introduce you to "Easy PR Booster." A powerful linking script that allows you to easily manage links across your

entire site network. It's a powerful solution to distribute page rank and increase the amount and frequency search engine spiders scurry through your sites, sucking up pages! The result is more pages get into the search faster and you're likely to see a boost in your search rankings. Your links are no longer an obstacle to your success. And your sites are connected in the most effective way to get results! Here's The Full Range of Benefits You Get: Precisely manages your links to ensure sure your linking structure is optimized to increase your search engine results! More search spiders and higher PR on the right pages await! Allows you to easily monitor how and where your links are posted throughout your network of sites! If you have a lot sites, then it can be impossible to keep track of all your links, let alone keeping them in order! Increases your traffic because your links remain visible throughout your entire network of sites! Increase traffic to the most important pages on your sites that bring in the most revenue! Accurately distributes PR to the right pages for a likely boost in your search rankings! If your pages aren't connected in the right way, they're going to fail to get the results they easily could. Displays links horizontally or vertically to fit into your pages perfectly. You have full flexibility to fit your links wherever you want inside your pages to increase your clickthrough rates! Allows you to input the right anchor text for your links to increase your search engine results. Having the right text on your links is a HUGE factor in getting rankings for the terms you want! Manages your links easily with the ability to add or remove links at any time and your pages update automatically. You don't have to manually change hundreds or thousands of links, but you can do it in a central location fast! Plus, much more! User Guide Just consider,... How Many Top Search Positions Are You Missing Out On Because Your Sites Not Optimized? If search engines don't like how your sites are structured, then you lose out. Search engines move on to a site they prefer more and fail to give your pages the search rankings they might have. This is why it's so important your links are set-up effectively. It gives you the edge needed to claim the profitable rankings your pages deserve. Plus, you should also know that it's not going to cost your fortune to get your copy of Easy PR Booster. In fact, it's only a mere \$49. A small investment you make back with a few new higher search rankings or saved hours you can spend on more productive tasks! All you have to do is grab your copy below now! Tags: pr,
