Hawaiian flavored hip hop; arena productions grew up listening to everything from n.w.a to cecilio and kapono, and their music title represents a generation inflated on rap via the hawaiian islands. 18 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Alternative Hip Hop Aftaparty Songs Details: The Arena was the party put up in Kona, on the island of Hawaii. Every little town has one - the default place to go after the cops come or no one is willing to put their own place up for the night. It became the place to go on any given night to drink beers, hang out, and occasionally break patio furniture. After a couple years of drunken freetitles and various jam sessions with the dub/rock/reggae band Pepper, Arena Productions rose from the mists of the morning after. Made up of 3 emcees and two producers, Arena Productions makes party hip-hop with an island twist, mixing ukulele, beats, words, fun, and most importantly, conciousness.
