The founder of Radio Zone Entertainment Benjamin James poured everything he had into writing, creating and casting for this CD. After 3 years of careful planning, preparation, writing and re writing it was time to bring the written word to life. It is truly a collection of great talents starting with former Radio Zone members Big Joe Alarie Jerry The Panda Pelton who are in a couple skits from the original show remastered specially for this album. Other original cast members such as Josh "Your plea is, DEATH!" Walczuk, "Cenile" John Leshure and Radio Zone Entertainment founder Ben " The Wedge" Burdge all return thus reuniting the entire legendary cast from the hit college show which ran from Sept. 23 1998 - March 23, 2001 on WIUV 91.3 Castle ton in Vermont. As if that was not awesome enough new talent abounds as Ben's pro broadcasting colleagues Jason " Boner " Davis and "Captain" T.C. bring a dash of professional production and big market voice knowledge to the Radio Zone family. All 3 have a combined 46 years of pro radio and studio experience in the broadcasting and voice over world. And the family gets even better with more fresh faces and awesome improve talents as Shanna Jones, Erin Rockwell, Jeramiah " Dez " Desautels and Ben's own dad Gerard Burdge. Laugh My A** Off! takes all the magic and charm of Radio Zone Entertainment's debut release, "Laugh Riot!" and pushes the bar as far as the talent of this incredible cast can handle. 3 years of hard work from writing the scripts and rewriting the scripts, to casting the voice actors and actresses, to studio time (recording production), designing and

laying out the labels and finally packaging and shipping. Everybody worked very hard and the finished product inside and out is the result of such an incredible team coming together and having fun while putting our best efforts forward. It is our hope that you the listener will enjoy listening to the comedy as much as we enjoyed creating it!
