Singer-Songwriter; Roots Country/Rock/Pop 12 MP3 Songs COUNTRY: Country Folk, ROCK: Roots Rock Details: This album I composed is from the heart - 110 honest. I am not a pro musician... but I really love music. The only favor I ask is to listen to the words and get over my terrible voice. All songs are original and real to my life. Whether they are good or bad doesn't matter, first because I'm in no way trying to "make it" as an artist, and second, it's ALL RELATIVE. Best, CBL
