Honing in on her own genre she calls groovetronics, ellee vens do-it-yourself approach has worked out well for this Los Angeles based artist. ellee vens most recent success came with the release of her CD/Vinyl series titled PROJECT 11. DJs control the play listthey like a variety of music and so do their listeners. Think about Jay Z releasing a single with Linkin Park, or Tim McGraw and Nelly. Its about great songs, great creative energies collaborating to make something unique. ellee vens remix compilations have solidified her commitment to DJs for their constant support of her music. ellee ven goes on to say, Thanks to DJs, my music is spinning internationally. They appreciate the power of melody and the ability for songs to translate well in different genres and languages. DJ Swamp really helped me explore the electronic dance world and it just comes down to what sounds good. ellee ven, born Jessica Lazaro Kunin, changed her name, and changed her life. Im Spanish, Greek, Russian, German and Italian. It made sense for me to create something all my own since I could no longer cling to any one part of my heritage. The plan has just been to be me, to make art that I love and that might be enjoyed in the future. A teacher turned artist, ellee ven read a quote by Thoreau and had a moment of clarity, forcing her to start a new. Go confidently in the direction of your dreams.
