

Mp3 Haymarket Orphans - Haymarket Orphans

[DOWNLOAD HERE](#)

Haymarket Orphans is an original rock folk music revolt. Scathing poetic lyrics, scorching acoustic guitar and cool dumbeck drum. A dancable roots exploration in creating positive social change. If "Rage" wrote lyrics for Ritchie Havens. 10 MP3 Songs in this album (48:46) ! Related styles: FOLK: Alternative Folk, ROCK: Acoustic People who are interested in Midnight Oil Richie Havens should consider this download. Details: Positive social change happens slowly. It's not just an ideal of the 1960's. In the 1880's working people died for the 8 hour day. Five anarchists were hanged by a murderous legal system that uses the very same tactics and hate speech, but substitutes "Muslim" or "Terrorist" for "Anarchist". One of the Haymarket Martyrs, Albert Parsons, had two children; Al Junior was 8 and Lulu was 6 when they were forced to see their father hanged. Where do you go with such anger? What to say or do in a world that's been union bashed, civil and human rights denied, red baited, world warred, nuclear bomb scared, Cointelpro'd, Watergated, Vietnamed, wiretapped, consumer distracted, downsized, outsourced, Sept 11th lied to, Iraq War lied to, Gitmo'd and Abu Ghraibed, spied on, stalked, and facing endless debt, spiritual decline, and a trashed Earth? Charles and Jenna Haymarket wander the Earth as orphans singing songs of protest. They keep changing their names to keep from getting famous. This isn't our parents era, and this isn't their folk music. Hear us speak. Speak out yourself! We all live slighted lives as heirs to an unfinished legacy that demands peace and justice. We are all Haymarket Orphans now.
