Alternative, UrbanHop, ElectroPop Soul 8 MP3 Songs POP: Pop, URBAN/R&B: Neo-Soul Details: As far back as I can remember, I have always found music to be the truest and most natural way for me to communicate who I am, and the way I feel whether it is through listening to other artists or by being the artist. I grew up in a big family (10 brothers and sisters) who all sing and I heard everything from classical to country which helped me develop a pretty eclectic taste in music. So far, my journey has taken me from two turntables, a drum machine and sampler to playing guitar, piano, bass and drums and I have been writing and singing practically my whole life. Tags: pop
