Combine smokin' piano riffs with electronica and industrial beats.add some vintage synths along with urgent vocals and vivid lyrics and you have yourself a unique CD that you are bound to play over and over. 9 MP3 Songs ELECTRONIC: Pop Crossover, ROCK: 80's Rock Details: Singer/songwriter James Tipper is back with a scorching disc of new tunes inspired by Los Angeles and the Hollywood scene. As Jack Kerouac once called L.A., the Ragged Lands have inspired this musical auteur to new heights of lyrical and melodic intensity. From the pulse pounding Accelerate to the cautionary anger of Starry Eyed and the vulnerable hope of Rise, Tipper has crafted another disc worth of tight pop/rock gems that glitter like the proverbial stars of his stomping grounds. Vintage synths and classic rock guitars layer effortlessly with his earnest vocals to build, what the artist calls, the retro-clectic sound. No two tracks are alike and every unexpected musical turn feels inspired and fresh.
