

Mp3 Jim Gibson - Storm Warning

[DOWNLOAD HERE](#)

All original compositions. This CD is NOT for TEA DRINKERS. This CD is about ELECTRIC GUITARS a Driving band and soulful vocals. Steve Cropper sits in on a couple of songs and rips it up. 11 MP3 Songs BLUES: Electric Blues, BLUES: Blues Vocals Details: Storm warning is my 2nd CD. This CD is more guitar/vocal than the 1st (Something for everyone). This CD really rocks out with special guest guitarist "Steve Cropper" sitting in on a couple of songs. A duet with "Mighty Mo Rodgers" helps put this CD into overdrive. I think you will dig this one.
