COUNTRY: Country Rock, ROCK: Country-Rock Show all album songs: Countryfied Songs Details: Larry
Roe was born in St. Louis, Missouri but brought up in the south in Georgia and Florida. He has lived in
many regions of the U.S. and therefore had the music of many areas make an impression on him. folk
bluegrass, country, southern rock, even earlier stars all made an impression on him. His mother Jeanette
Roe was a trained opera singer and started him in the ways of music at an early age. "I wrote my first
melody at the age of 7 when in the choir. I could see the notes going up and down on the page but didn't
know how to read the music. So when everyone sang i made up my own part. Everyone thought it was
nice enough to have me sing alone with my older brother at a large cathedral for Christmas. From there
on out music has always been very dear to me and i like many kinds and styles. This album though i
decided to put enough country into the songs to have the album have a direction and a basic theme. I
hope you enjoy the songs as much as i enjoyed writing and recording them. With this cd i tried to bring
many of the styles i loved through the years to the country genre of music. There are influxes of eagles,
doors, bob dylan, along with the usual country styles and themes. The major portion of this album was
recorded in the studio that found and was instrumental in getting Billy Rae Cyrus' career off to a flying
start.
