Playing and performing from very early on she is a natural on stage. Her music is Classical/Rock/Folk based, however she infuses many other styles in her music as she encounters them. Sadie invites you to join her as she journeys through her latest musical wonder world: EVERLAND. For the first time, she is accompanied by a live band allowing her to reach even more remote plains and dimensions. This project has been in the works for over fourteen months and has become an eclectic portrait of our time.
