Melodic, European flavor instrumentals that inspire visual and auditory images. 11 MP3 Songs WORLD: Western European, NEW AGE: Contemporary Instrumental Details: Greetings Gentle Cyberfolk And Audiophiles! Thank you for taking time out of your busy world to stop by! "Speechless" was written in the fall of 1996 and winter of 1997. This album is a very innovative, upbeat, trippy set of tunes, folks. It's great for crusin' in the car, too! Ted has captured an elusive element in his music--the ability to make the listener "visualize" images while experiencing the audio tracks. This particular album has a European feel throughout. I could see myself at the base of the Matterhorn at an outdoor cafe during "Promenade" and feel the ocean fall and rise while hearing "Full Sails." "All Around You" is like a gentle snowfall in the Black Forest... well, you can find YOUR OWN images! There are GOATS on the back of the album... those are his "babies." The one in his arms is named "Jelly" and he is in spirit world now. Ted thanks each and every one of you for taking time out of your busy life to stop and listen. Best wishes to all!
