Ambient music for meditation relaxation. Peace is the beginning of love. Peace is the completion of truth. Peace is the return to the source. -Sri Chinmoy 9 MP3 Songs ELECTRONIC: Ambient, NEW AGE: Meditation Details: VYASA is a Finnish Composer, Drummer and Ambient recording artist. His album Beyond Within, is an excellent collection of musical soundscapes, Ethereal fresh, Floating; soaring upwards to the skies... Vyasa says: Basicly I am a sucker for beautiful melodies... and hopefully it comes across very clearly in my work. Kimari organization Producer Sammy John Kimari in the Eglemusiikkisaid about the album: "Vyasa has made new songs with colorful and beautiful soundscapes; Beyond Within is a very fine album and every number has an interesting sound world... Beautiful! This is Finnish ambient music from the top level!" You can also use the music in therapeutic purposes, such as Reiki, Yoga or Tai-chi or whenever you need some peace and Quiet... I have realised in my own life how important peace is, through my own failures and trials, of course; that true fulfillment comes through inner peace rather than our outward activities? To hope to achieve peace without meditation and spiritual dicipline is to expect water in the desert. It is only through inner peace that we can have true outer freedom. Sri Chinmoy
