Discover How This All-In-One Search Engine Software Will Help Save You Time And Effort! What This Amazing Software Does: Save tons of time copying and pasting from the web by getting search engine results saved directly onto your computer through the software Utilize the power of all the search engines in just a single click Export all search results into a simple, easy to read file which can be kept for future reference Have no more hassle of going to multiple sites to search for a particular topic! (Have them accessible all at once saves time and effort normally spent on crawling major search engines!) Have all your search results listed in one full page unlike the search engines where search results are broken down into a mess Software acts like your own personal all-in-one search engine on your desktop Purchase this amazing software NOW!
