Acoustic pop that dances between jazz, rock, and folk influences with the help of lush arrangements and catchy melodies. 13 MP3 Songs POP: Today's Top 40, FOLK: Folk Pop Details: In a style that resembles a mix of Damien Rice and John Mayer, yet remains completely unique, Aaron provides a pleasurable listening experience from start to finish. While it would have been easy for this teenage love rocker to simply slip into the world of trite lyrics and chords, Aarons songs stray far from the expected, and will keep you hushing everyone else in the room, just so that you can catch every word. This album explores relationships at a very deep level, with some amazing music to guide the listener from the blossoming of a relationship, through the courtship, and to the bitter end. This is an album that you could listen to repeatedly, catching new things each time, and yet each song stands on its own merits. (temporary description)
