A dense collection of work recorded over the course of four years. Dark and crushing. Ambient textures interlaced with swelling, almost violent extremes. Edgy soundscapes filled with hope, despair, and a persistent, uneasy current. 12 MP3 Songs ELECTRONIC: Ambient, ELECTRONIC: Experimental Show all album songs: A Prison of Oneself Songs Details: Wispy synth chords ebb and flow as gentle, down-tempo breaks wander mysteriously through the mix. Fat analog tones disrupt the placid mood and bring a sinister edge. - Listen.com Founded in 1999, this expressive recording project combines elements of dark ambient, ethereal, and touches of atmospheric neo-classical to form a unique sound. Since founding the project, we have independently released two EP recordings and have arranged a variety of remixes for such artists as Attrition and Sero.Overdose. Seven years after the initial release, we now present our first full-length album on the Fractured Vision Media label. A Prison of Oneself is a dense collection of work recorded over the course of four years. Dark and crushing. Ambient textures interlaced with swelling, almost violent extremes. Edgy soundscapes filled with hope, despair, and a persistent, uneasy current reflective of the minds inner hell. NOTE: This disc comes to you in a standard CD jewel case as a professionally designed, shrink-wrapped package.
