Sex Pistols meets the Stones with a raspy chick singer. Power/pop/punk for the new millenium. 11 MP3 Songs ROCK: Glam, ROCK: 90's Rock Details: BUBBLE wins SONG OF THE YEAR in the John Lennon Songwriting Contest!!!!!!!!!! Tours DIY attitude pay off! One rehearsal and the band was launched.... BUBBLE exploded on the Hollywood scene in '97 when leaders, BAM (drums)and SHARE (guitars, vocals) started out with guts and a vision as just a TWO PIECE band of drums and guitar!!!! The idea? To have a blast on stage, lose the pretense and get their rocks off musically!!!! It must've worked because they were offered the band residency on "glitter/punk night" at Hollywood's Goldfinger's. Combining disgustingly hooky melodies, raspy vocals, loud guitars and punk attitudes, BUBBLE went from being an exciting unpredictable group to becoming brash, alterna/pop/punk leaders at the forefront of the new "glitter" scene. Their totally D.I.Y. self-produced 15 song album "how 'bout this?" is a shining example of GREAT songs, spectacular hooks and is definitely a "classic-to-be". With the right BUBBLE blaster TAD DERY (bass), this band is charged with electricity and excitement! BUBBLE has already toured Japan, the west coast of the US and Great Britain to excellent accolades. Their second album, ROCKETS AND VOLCANOES has just been released to wonderful reviews in Japan and is scheduled for release in spring 2002 under the title, "TOTAL HARMONIC DISTORTION" in Europe and America just as the band heads off for SXSW, the UK and Japan again for more tours!!! This group has no shortage of credits, but that ain't what they're about!!!! Delivering an unforgettable live set, this band is ready for world takeover. *BUBBLE's "SparkleStar" is in the film- "Dancing At the Blue Iguana" starring Daryl Hannah and Jennifer Tilly. You can rent it now! *BUBBLE's "Drug" will be in the upcoming 20th Century Fox film, "The First \$20 Million Is Always the Hardest" starring Jake Busey and Adam Garcia!
