However, since the album is complete, it is now offered here at CD Baby. This album is a positive album, with "LOVE" being the key ingredient to this collection of songs. After DeLon's run of 33 consecutive weeks at or near the top of the Joyce Ramgatie "top 200" total airplay chart, during 2006/2007, this album and its songs will surely lay claim to those top spots once again on overseas country music radio. Once again, John Rees, DeLon's producer and keyboard player on all of his albums, has brought together a tremendous team of Nashville musicians and singers, who contributed their great talents in a Nashville studio to help create this great album. In fact, on the inside of the album cover, DeLon gives credit to all of the many musicians and singers, who have played on all four of his albums and also lists the very famous Nashville country artists, for whom they have played. This, just to let you know the quality of the musicians themselves and that you will be treated to some great music and singing on DeLon's albums. DANCE ON SATURDAY NIGHT is an up-tempo song and has that Jimmy Buffet sound to it. I CAN'T HELP FALLING IN LOVE WITH YOU is DeLon's version of this great love song, made famous, of course, by none other than Elvis Presley. LOVIN' ON YOU is a song where man/boy meets woman/girl, pledges his love to her and the rest is history. HEY GIRL (Let's Love One Another) is a love song, a pledge and a request, that the two, man and woman, simply love one another. COMFY LOVIN' YOU is a song about the excitement and contentment of looking forward to the end of the day and spending time with one's spouse. WELCOME TO MY WORLD is DeLon's version of this great classic song, originally recorded by the late Jim Reeves and sung in tribute to his memory. TELL HER

TODAY is a song about what men should be saying to their wives, fiance and girl-friends, each and every day, not just on the "special" days of their lives. YOUR PRIVATE ISLAND is a song written, pledging a commitment by one spouse to another, to always be available in both good and hard times. HAD A DREAM (For The Heart) is DeLon's version of one of the great country classics, with a great up-tempo beat and also one of his favorite songs. THE GENES SHE WORE is a song written about so many stories of husbands/men, who never knew they had a child until many years later. I SEE YOUR SMILE is a story song about the many times in the lives of parents, who experience the tragic loss of a spouse, leaving the other with the task of raising one or more of their children. WHISPER is a song, which simply communicates that bond of love between a husband and wife And, there is even a surprise bonus cut of a song, written by DeLon, on track # 15, but sung by a woman, since it is a song from a woman's viewpoint.
