Deep vibes with an acidic + techy edge 4 MP3 Songs in this album (32:41)! Related styles: ELECTRONIC: Deep House, ELECTRONIC: House Details: Ergodi Citys 3rd and final EP before exploring the world: A deeper vibe with acidic + techy edges Writing music is an instinct and a need similar to sex. The search for new sounds and new ideas is continuous until we achieve that fascinating connection. Similar to casting your eyes on the object of your desires; the attraction to someone who gets your blood pumping, for Ergodi City is exactly the same as organic keys, deep bass lines and jazzy synths. Everyone has an instinct which one will this EP Activate? Sprouting from a collection of previous projects and collaborations, the collective CV of Ergodi City makes The Lord of the Rings trilogy look short. Based in and around London, the sound of the city with a sprinkling of suburban has so far provided a working backdrop. Dabbling with new genres is what Ergodi Citys main producer loves best, allowing his abilities to enhance into a library of inventive editions of his own. This is the last release before the main man travels around the world to gather ideas and tribesmen for Ergodi Citys future
