

Mp3 Ermias - Mystic Groove

[DOWNLOAD HERE](#)

Hypnotic Mystical reggae grooves with beautiful melodies. 10 MP3 Songs WORLD: Reggae, ELECTRONIC: Ambient Details: Originally from Ethiopia, Ermias T. Kebede lived in different parts of the world including France, Italy and now U. S. A., in the city of Chicago. Picked up the bass guitar when he was 17 and has been playing almost every kind of music since. He joined a variety of bands in his career, some of whose members included artists who have played with the likes of Dizzy Gillespie and Ziggy Marley. Currently he runs his own independent label, ETK MUSIC, under which he has released two albums "Mystic Groove" and " Glimpse of Victory". A combination of New Age and Reggae music like you have never heard before, "Mystic Groove" transports you into the planes of strong rhythms and hypnotic grooves with subtle yet distinct melodies paving the way. "My primary motivation for completing the project "Mystic Groove" is to bring forth the mystical rhythms of Reggae to a wider audience. I have always been moved by the subtle yet powerful rhythm of the "one drop" beat that mainly categorizes Reggae music from the rest. I believe different types of music affect different parts of the human self and Reggae goes right to the spirit". I am currently looking for distributors that will help me bring the music to the people everywhere! For more information please contact: ETK MUSIC 6124 N. Washtenaw Fl.3 Chicago, Il 60659. Tel. (773)398-4818
