Although these songs are a part of me, I had you in mine. Let's talk about them.\*\*\*\*\* HE'LL MAKE IT BETTER: Remember when you hurt yourself as a child, got up running to your parents for comfort and was embraced with arms of love. The pain didn't feel so bad after a word of comfort and a little hug. Well, God also has a way of lessening the low blows of life. He has a way of taking you in His arms and holding you like a baby. He too knows how to make you feel better. GOD SAID SO: Many of us get the idea that we are going to do something good with our lives. We have a strong determination to be successful. We plan to help others and be a positive impact on the world. Until someone says: you will never be anything - you're not good enough - you will never make it. Okay, look at my album cover again, I am walking on water. Now everyone knows you can't walk on water. However, did you notice the Lord is with me, making the impossible possible? You may not be trying to walk on water neither part the Red Sea but whatever the

case maybe if God said you can do it then you can do it. Know that you are more than a conqueror because God Said So. TRUST ME TOTALLY: When it seems all odds are against you and there is no way out what are you going do? Lyrics says: "I said I believe in you Lord - you could do the impossible - Yet my faith wasn't up to part - I didn't believe deep in my heart - My God when will I learn - to trust with my heart soul and mind." Are these some words you may say to God? Then you will agree with me that we must learn to walk by faith not by sight, trusting God in every little thing. DON'T YOU WORRY: This song is so connected with Trust Me Totally I often tell people in my concerts that if you are worrying (there is a big difference between being concern and worrying) all the time, you are not trusting God. When you learn to give the Lord, all your needs then you can rest in His peace and let your mind go free. LET IT GO: Has somewhat of a different message. It tells of people who have been hurt in the past by someone be it family members, friends, etc. Although it may have happen to you many years ago, you still can't let it go. Lyrics says: I know its easier said then done - to forget how you've been wronged - but if you let God renew your heart - He wants to heal all your scars. So, come on let it go and start healing. LET'S CELEBRATE: We can never praise God enough for all the great things He has brought us through. Make you want to send out invitations announcing it's - party - time. Time to honor and celebrate the great I AM just BECAUSE he's God. THIS MOMENT'S FOR YOU: No matter how busy we get with life chores, we must keep that special time for being alone with God. No one else just you and Him. A time of mediating on His word. A time for prayer and receiving instruction for life journey. Think of it as refueling your spiritual engine. Just a little reminder, there is nothing like having a personal relationship with God for yourself. DON'T GIVE UP ON GOD: We all have our share of trials and tribulations but if the truth be told they come to make us stronger. It's amazing how troubles can cause so much good. Life troubles build character, strength, patient and causes you to be a great witness to others. Hey if you never had a problem how would you know if God could solve them? Whatever you do keep holding on. IT'S GONNA BE ALRIGHT: Why don't we say it like this, don't give up on God because it's gonna be alright. Sometimes it seems as if we are going down for the last time. Nothing is going right. Now I know some of us feel like we have been waiting a long time for favor to be on our side. However, we often forget God has his time set to do certain things for us but he's gonna do it in His own time. He won't be rushed by our childlike tantrums. I've tried it and IT - DON'T -WORK. THE LOVE I SEE IN YOU: The lyrics directed toward true leaders who have answered the call of God to be a watchman over a congregation of people.

A matter of fact none of us should never say no to God when he calls us to duty. Our answer should always be yes even if we feel like we're not qualified. Please note - Sometimes God will choose the least of person to accomplish a great task. Remember if God calls you, He will equip you with the necessary tools for the job. He just wants you to TRUST HIM. FULL OF COMPASSION... There is another part of J'Lee, that reaches out to the suicidal. So many precious people have lost hope and given up on life, says J'Lee. From a heart full of compassion, she reaches out to restore that hope through the love of Jesus Christ who is the giver of new life. In her concerts, she speaks on the topic of suicide. Her foundation Hope Thou In God/Suicide: There is Another Way Out campaign is helping to raise the awareness of the mass amount of people dying at their own hands. SUICIDE not many wants to talk about it. Often J'Lee receive comments like, "that's a sensitive subject." They look surprise when they view her business card and read something about suicide. Still she must lift the banner high to help sound the alarm on this sometime silent but cruel killer. APPEARANCES... J'Lee, have appeared on several television program such as (TBN)Trinity Broadcasting Network-Rejoice Program, Good Morning Birmingham to name a few. Recently J'Lee, performed at the Bobby Jones Gospel Artist Retreat in Los Vegas, NV. She had the opportunity to sing on programs with Christian artists like CeCe Winans, BeBe Winans, Sarah Gains and Debbie Winans. Open for the fantastic Beverly Crawford.
