A baby girl was born as a water sign, Scorpio. Her eyes were green as the forest, and they called her Molly or Mali, meaning One who Loves Nature and Soul. And she did. All growing up Mali Spent her time in mother natures kingdom, daydreaming, and learning about the female half of God, until one day an Angel appeared and said to her "I know this place feels like heaven to you now. Living in the physical beauty that God has created, But you are no longer in Heaven. On your 14th birthday you will begin to see the world as it truly is, and when you do many waters will come from your emerald eyes, and your heart will feel broken. As your spirit will than see, what man has done, was never meant to be". Mali did not believe the Angel, and after 7 years passed, she had forgotten all about what the angel had told her, until her 14 th birthday when she saw what the Angel had described, and many waters came pouring from her eyes. She saw how Man had used the female part of God, Mother Nature and was not replenishing what they took. They were killing off Life. Everything that Man had become, was the opposite of what Life is. Even Man's Mind was no longer Natural, as they lived seeing the world and all it's creations as separate from themselves. Not only had they separated from the Animal Kingdom, but they had separated from one another, thinking that family was only those who were physically born from the same physical people as them, when all bodies came from the same source, and it broke Mali's Heart. Than the Angel appeared once again, and told Mali, "Here is a magical Wand with one string for every vibration of Soul. Use this wand to create Melodies that will bring Tears to the hearts of Man and

Womb-man as your words will show those who can still use their hearts to see, what they have forgotten, and how to remember it. Only than will the water reflect the sky again, only than will the soul reflect the spirit".
