Fun, eclectic blend of Island style, blues, reggae and folk with a great sense of humor. 13 MP3 Songs
WORLD: Island, BLUES: Rockin' Blues Details: These are all original tunes by Joe LaMore, Greg Wiste and Karen "Beaux" Birch, who make up our group called NoGrammy! We all live right here on the North shore of Kauai, at the end of the road in Ha'ena, and loved writing songs about this beautiful place. We hope you will laugh with us AND at us! With the rays of sunshine over our shoulders and the love of the ocean's tides, we hope to bring laughter to ourselves and all of you who hear our music. Mahalo to all our friends and family for supporting us in this musical blast, you'll be hearing more from us!
