Instrumental electronic hiphop derivative with bite. 12 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, ELECTRONIC: Soundscapes Details: Solid beats complimented by dirty bass lines and building synths, Co-Axial Escapement is edgy, shifting to uplifting. An electronic composition whos soundtrack like faade leads to a satisfying depth of detail. 2006 marks the first solo outing for Watchmaker. One third of the Eaters, Watchmaker also works under the names of Quiet Man, Impossible Man and previously Jimi Digriz. He handled production for part of the Digest lp and all of the Optimum lp (both available for download and on cdbaby.com)and also handles vocal duties on the Eaters lps. As a rapper hes supported the likes of J5 and Mad Skills, and as a producer hes been well received by a handful of people within the creative gene pool and may be providing instrumentals for some high profile acts in the future.
