"The Rich Jerk Has Made a Fortune Using This Exact Method" HOW TO WRITE A SALES LETTER THAT SELLS THE PANTS OFF THE COMPETITION AND LEAVES YOU RAKING IN THE DOUGH!
How did The Rich Jerk get rich? That's the question I set out to answer. People keep asking me: who is

the Rich Jerk? When I started out, I said I would not reveal his identity but, well, things have changed. His identity was leaked on other websites and now I feel able to give a straight answer to the question: the Rich Jerk is Kelly Felix. Kelly is the brains behind GuessWhatiHeard.com. He has also been involved in many other successful websites; several of which he has sold for large profits. Naturally, he is most famous (or perhaps infamous) for his Internet Marketing book The Rich Jerk. Perhaps the most amazing thing about his book is the simplicity of his tactics. It's not rocket science - just plain common sense & quite a bit of flair for the subject. Here's what he actually did to get mind-bogglingly rich: he wrote a book on Internet Marketing & that book became a best-seller. I know it's obvious, but that's what he actually did. So the questions I then became interested in were these: how come his book became a best-seller? What were his tactics? And why did people actually buy his book? All of these questions are fully answered in my book How the Jerk Got Rich published by White Dove Books. The Guru's Apprentice book on the techniques used by the Rich Jerk shows exactly what you need to do to make the breakthrough and start making big money on-line!
