From her survey of more than a hundred eligible men, noted relationship author Michelle McKinney Hammond paints a realistic picture of what really attracts men to women and what to do with his attention once youve got it. Men appreciate women who are open and honest (and smell nice!) Women who love the Lord radiate an inner beauty that is unequalled to any face cream sold on the Home Shopping Network Men really do notice the small details so take notice of how you present yourself in public. A clean, wellorganized home tells a man that you have your life in order and are ready for commitment. Making your man feel like a priority in your life once youve captured his attention is crucial.
