American Language Of Rights

[DOWNLOAD HERE](#)

A study of the importance of the language of rights during three crucial periods in American history.Richard A. Primus examines three crucial periods in American history (the late eighteenth century, the civil war and the 1950s and 1960s) in order to demonstrate how the conceptions of rights prevailing at each of these times grew out of reactions to contemporary social and political crises. His innovative approach sees rights language as grounded more in opposition to concrete social and political practices, than in the universalistic paradigms presented by many political philosophers. This study demonstrates the potency of the language of rights throughout American history, and looks for the first time at the impact of modern totalitarianism (in Nazi Germany and the Soviet Union) on American conceptions of rights. The American Language of Rights is a major contribution to contemporary political theory, of interest to scholars and students in politics and government, constitutional law, and American history. EAN/ISBN : 9780511033032 Publisher(s): Cambridge University Press Format: ePub/PDF Author(s): Primus, Richard A.
