His She-wolf Amy Redwood Ropes, guns, secrets-and one overprotective hit man. Sometimes, only life-changing sex will do. It's nothing personal, it's just sex. At least that's what I thought, meeting Seth. You see, I have a personality problem every full moon. My shifter genes urge me to hunt. And to mate. It's an itch I can't scratch during business meetings, obviously. What I want is my name on a lucrative contract, but this is where my life really takes a turn for the worse. The last thing I need is a hero, risking his life to save mine, but that's exactly what I got. Seth, hit man-cum-journalist, is on the run after securing a crucial piece of evidence against a known kingpin. Still trying to figure out how Candace is involved, he is even more puzzled at her strength, fast reflexes and appetite for sex. But he's ready and able to save her-even if he has to tie her up to make her see reason-and heal her heart along the way.Author:
