Reviews: "Naughty is a great name for this CD because this is some of best down and dirty blues you'll ever hear."- John Guregian, Host of "Blues Deluxe" on WUML 91.5 FM, Lowell, MA "Awesome. This CD is freakin' unbelievable." - Barry Smith, Executive Director, New Boston Blues Association "The song Alabama Blues Man has some of the most memorable lines in it. I found myself singing along with the song and could hear the chorus in my head for hours afterwards. (Please make it stop, I need room for other songs.) One of the things that I really loved was the control that is exercised on the guitar work. The artist does an awesome job of keeping the "Million Note per Minute" just barely under the surface. The Brickyard will truly rock for years to come." - Pat Gervais, Host of "The Blues Cafe" on WRSW 103.7 FM, Warsaw, IN Alabama Blues Man was picked as the New Blues Favorite Song by Smokestack Lightnin' Blues Radio on WUCF 89.9 FM in Orlando, FL July 2, 2005.
