EMCEE+PRODUCER+DRUMMER+GUITARIST=DANGER Daddy Danger can be found behind a drum kit or a seven string axe in the metal band PHuCK PHaCE, or moving a crowd on stage with the underground hip-hop group MEGATECH. Daddy Danger has been performing in the New Jersey music scene for over twelve years in various different projects. "I am influenced by so many types of music...it's hard to stick to just one style." His latest release is a hip-hop masterpiece titled "Liquor in the Front...Poker in The Rear." "Liquor in The Front...Poker in The Rear" is Daddy Danger's first release as a solo emcee. The album consists of 22 tracks filled with explicit lyrics, sexual content and outlandish humor. "Lyrically I've never been afraid to say what's on my mind...appropriate or not...I hold no boundaries. But there are also a few serious songs on the album as well." The entire record was produced by Daddy Danger and Bean Uno of MEGATECH. Also, members of PHuCK PHaCE and MEGATECH emcees show support on multiple tracks as guest artists. "I'm just trying to do things a little different, today's music is all sounding the same." PHuCK PHaCE and MEGATECH are two projects that are not afraid to push the limits and go against the norm. Daddy Danger can be found touring the Tri-State area with both projects in support of his new release. "I'm in the process of putting together a live band to perform with me on this tour, it adds a lot to the energy of a live show." Hate'm or love'm, Daddy Danger is here to destroy the game one track at a time.
