Rock with a sense of humor. Very Zappaish. Totally rocks with incredible musicians and commercial parodies. 17 MP3 Songs ROCK: Rockabilly, SPOKEN WORD: Comedy Details: The CD title says it all.. "All Over The Map". With 17 cuts that include excerpts from live shows radio shows. Also funny parodies of commercials with the irreverant "Jim Hines...Counselor" and "Prisoners Of Love". Rockabilly sounds to heavy metal that lays down a groove deeper than the national debt. Also featured on this CD is the cult hit "Papa Woody" with a big band, this song was featured in the musical "Sex The Musical" and was also featured heavily on The Dr. Demento Show. Great musicianship and funnier than hell. You can't go wrong with this CD as it features some of the greatest players from the south including members from The Peabo Bryson Band, Delbert McClinton Band, Rev. Billy Wirtz and others.
