This CD doesnt fit into one electronic music category, but uses varied instrumentation to take the listener on a musical journey. 9 MP3 Songs in this album (32:46)! Related styles: ELECTRONIC: Techno, ELECTRONIC: Dance Details: In composing music for JOURNEY, I strove to create a mix of music that caters to the casual listener but also has some songs that would work to get people dancing in a club environment. The CD starts slow, works its way up to an energetic climax, and then descends back to a relaxed ending. This is similar to most clubs where the evening starts off slow around 9:00 p.m., works its way up to a climax around midnight, and then calms down again by the time the night is over at 2:00 a.m. This CD takes the listener on a musical journey. My goal was to create a soundtrack that can make you feel better. I hope JOURNEY will add enjoyment to your life. I feel each track expresses something meaningful and hope you enjoy the music as much as I enjoyed composing the songs.
