

Mp3 Highspeed - Tact-out

[DOWNLOAD HERE](#)

"Overall this is one of the tightest albums I've picked up in awhile.... This album has a lot of summer feel to it, more laidback. Playa T and Mac Mic sound real tight together. Both have the ability to put an image in your head and or have something to say. y 14 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: West Coast Rap Details: 1. First Gear : (playa-t, mac mic) 2:15 This track is a great way to introduce the album, and what Highspeed is all about. Playa T and Mac Mic both come with tight verses back to back. I'm feeling this. 9/10 2. Tact Out : (playa-t, mac mic) 3:59 A slow beat but this track is bumpin. Playa T starts off and follows up with the fourth verse. Mac Mic comes hella tight in the third verse. The hook on this song just ain't catchy to me which is the only thing I ain't feeling about it, but gives you no reason to pass. A definite chill feel to this song. 7/10 3. Another Day feat. Sideways : (playa t, mac mic, sideways additional vocals by rouja) 4:16 Definitely a summer track right here. just sit back and listen to this one, Playa T and Mac Mic come real laid back get to explainin on what a day in the YOC is like. I'm really looking forward to hearing more from Sideways, he comes tight, I'm really diggin his rap style. This is one of my favorite tracks on the album. Rouja has a beautiful voice and shows you over the hook! 10/10 4. Highspeed Livin feat. A-Wax : (a-wax, mac mic, playa t) 4:01 Damn from the beginning of this song, I knew it was gonna be a fav. A-Wax comes tight as usual, and runs right into the hook. A mid place beat with tight ass background sounds. I'm feeling Playa T's verse most tho, mac mic also comes tight. Another tight ass cut 10/10 5. Playa's Life : (playa t, mac mic) 4:00 This is for sure a club banger. Beat bumps and some bongo drums off in the back give a summer feel. The title speaks for itself. all about what playa's do from gettin smashed on sipin drank, to club searchin lookin for that feline they can take home for the night and get down with. ' See I was real with you, late night chill with you....but check it, I gotta make a little deal with you. you gotta keep it o the low and let know body know' Tight ass track! 10/10 6. High I'm On feat. Mr.

AkA : (mac mic, mr. aka) 4:58 Smoke to this shiiiiit. Mac Mic comes real tight with them dank rhymes. Diggin the slow and calm hook. Mr. AkA has got flows, perfect from this cut. everything comes together so damn well, really feelin it! 10/10 7. Real With You feat. Martie Bacardii 151 : (mac mic, playa t, martie bacardii 151, vocals by jessica) 4:51 The thing i love about this track is every verse is about bein real with their gyrl, or what went on though a relationship, with thoughts included. im feelin Playa T's verse most, he comes tight and its somthing i can relate to. the sound over the beat is to drawn-out, which is the only thing i dont like about this track, but i still bump it. Martie Bacardii 151 is another im lookin to hear more from in the future, hes got a tight flow. Tight track overall 9/10 8. 24-7 : (playa t, mac mic) 4:21 This track has a big E-40 feel to it especially though the hook. I had to give this song a few more listens before i accually got into it. this track is a somewhat ofa continue to playa life, just talks about whats goin on day to night! im feelin both Playa T and Mac Mic's verses. A cooh ass song tho. 8/10 9. This Life : (mac mic, playa t, absolute) 4:12 The highspeed life slowed down, some real nice orchestrated sounds over a tight beat. This track is about past memories, experiences and just toughts on life itself. Playa T and Mac Mic give great overviews, let alot things out on this one. A sad but tight track. Absolute sounds good on the hook. Another track im really feelin! 10/10 10. The Bay feat. Dutch (dutch, mac mic, playa t) 4:49 This track didnt cach my interest till hearing the background sounds. This was one of the first track ive heard Dutch, and damn im feelin his verse! Mac mic comes tight, and Playa T brings a tight ass verse to follow, all speak on what goes down in tha bay flooding reality into this real tight track! 10/10 11. What To Do (playa t solo) 3:11 Tha Hook starts this track off, real tight. A nice piano sound over tha beat. Playa T lays it down real smooth and lets alot out over this track, bringing up tha fact of being stuck with pain and no where to go. One of the tightest tracks on tha album. 10/10 12. We Will (mac mic, playa t) 4:05 Some what of an anthem song....has that 'we will we will rock you beat' id say both Mac Mic and Playa T bring heat, but i cant get into the track. Maybe it will grow on me, but for now ive got to skip it. 5/10 13. Me n' My Broad : (mac mic, playa t) 3:57 This track held my interest untill the Guitar came in. This has alot of feel to it, Mac Mic and Playa T lay alot down. A love type track, about being true and having love fora chick. i really wish the guitar was left out, cause this is really a peaceful track.... 6/10 14. How It Goes (playa t solo) You can chill with this one playin, another one of my favorite cuts on tha album. Playa T really puts it down and comes out with some flows....ther is come nice effects to this, and the song bumps! a great song to end the album with.... 10/10 Overall this is one of tha tightest albums ive picked

up in awhile....This album has alot of summer feel to it, more laidback! Playa T and Mac Mic sound real tight together. Both have the ability to put an image in your head and or have somthing to say you can relate to. There was a perfect amount of features, nothing to crowd the album. All came real tight. Playa T's production couldnt have been better! The tracks all fit together and sound nothing out of place. Highspeed brought alot to tha table for this album, unsure if it was ther debut but damn, im feining for more Highspeed already! Ill be sure to pick up anything put out in tha future!
