Intelligent Rock played w/ a sense of irony 10 MP3 Songs POP: Pop/Rock, ROCK: Adult Alternative Pop/Rock Show all album songs: Seconds Songs Details: Imagine music-- Now take that music and forget it. Now take people-- Take those people and forget them. Now imagine people completely stranded that make music. We don't fit in boxes, we don't attempt genres. You've heard it before, right? Sometimes the music we play happens to sound like rock. Sometimes it sounds like jazz. Sometimes it sounds like soul. Take those labels. Forget them. That's not what we're going for. We play music. We represent ourselves and no one else. If you like frat-boy-lovin' classic rock, or the kind of music white chicks love to get drunk and dance to, you'll hate us. If your music library features primarily artists with one name spelled incorrectly, you may stop reading. If you're the kind of person that shouts "freebird" at a show and fully expects it to be played, please give us your address so that we may thank you personally. We play intelligent rock, played with a sense of irony. For the few of you that understand such a phrase, we salute you. If you happen to like what we do, great. Because that means you're looking for something different. So are we. Welcome. Hopefully our songs can sing all our lives.
