[DOWNLOAD HERE](#)

This is a compilation of songs written by some of the lads playing around the Irish pubs in Chicago during the 70's, 80's and 90s. A great era of Irish music in the Windy City. 15 MP3 Songs FOLK: Traditional Folk, FOLK: Folk Pop Details: "By the time I returned from Ireland in 1982, I had learned the grand total of zero Irish songs, though I might have been able for the chorus of the Black Velvet Band...maybe. A great deal of my time was spent going round to all the pubs in the Chicago area to places like the Irish Village, Shannons Landing, the Atlantic, Foxs, etc. It was a great time for Irish music in those days with groups like The Irish Minstrels, The Parting Glass, The Irish Brigade, The Celtic Aires to name a few. This is where I learned my trade. Chicago. So when it came time for me to record again I decided to pay tribute to the bands that influenced me".
