Details: ABOUT THE ALBUM Fantasyth is the brand new work of ambient- new age project Psicodreamics, originally created by Spanish musician Salva Moreno and inspired by fantasy tales and mythology. With Fantasyth we will leave the quiet and evocative ambiances of his 2008 release titled Ambiethernum, diving into a new world of fantasy where contemporary instrumental music combines with rhythm and percussion in a feast of sensations and emotions that tries to surprise the fans who usually follow the musical adventure of Psicodreamics and will hook those people who listen for the first time his music. An album that fusions genres and styles as different as ambient, new age, downtempo and chillout, mixing not only ethnic and symphonic instrumentation and orchestration but synthesized sounds and effects, on a more actual and innovatory musical outlook without leaving his characteristic and unmistakable style. Fantasyth is not only other musical adventure to dream awake but is a festival of emotions and fantasy where sound and beat will seduce your soul in a frenetic dance with a unique purpose: recovering the innocence lost since our childhood. Specially indicated for nonconformist that refuse commercial tendencies and look for something more.
