Eclectic -- melding influences from folk, pop, rock and country 11 MP3 Songs FOLK: like Joni, POP: Folky
Pop Details: "Sweetbird's music has a timeless quality." --Paul Avgerinos, Grammy-nominated Composer
Sweetbird's "Free Spirit Reflection," weaves an eclectic musical tapestry that eludes conventional music labels. The band, comprised of Christine Yandell on vocals and Steve Waite on guitar, melds influences from folk, pop, rock and country to produce a unique sound that has an innocence and richness seldom heard in the music industry today. Christine's songwriting is introspective and her voice has a rich purity that has been described as "beautiful," "natural," and "clear." These dynamic qualities are a perfect complement to Steve's unique guitar style and songwriting. Sweetbird's first release on Broadband Records includes 10 original compositions plus a cover of Nick Drake's "From the Morning." Christine and Steve are backed by a host of seasoned musicians including: pedal steel virtuoso John Widgren, drummer Ron Nihoff, bassist Paul Avgerinos, lap steel guitar player Roger Filgate, and Steve Negri on fiddle. If you like the music of Norah Jones, Joni Mitchell, and The Cowboy Junkies, you will enjoy listening to "Free Spirit Reflection."
