Torbens Thogers 3 albums "Harmony", "The Present" and the latest one called "AKASHA" have now for the first time outside Scandinavia been released in the U.S.A., United Kingdom, Ireland, Germany, Switzerland and Austria. He has now great success with his catchy and innovative music. All music on the three mentioned albums is composed, arranged and produced by Torben Thoger. THE PRESENT IS A PRESENT AND A RELIEF FOR THE SOUL Torben Thger has done it again. Created a new music CD, which is lively and different from his first one in this genre. He has composed and produced a unique musical experience that does not repeat the harmonies from the CD Harmony, which really demands artistic skills. The Present is a present! It is an absolute delight to listen to the merry, easy and at the same time deep - at times provocative music on this CD. There is a harmonic correlation with effortless ease between the instruments. It is a relief for the soul! Use it as background music, but just as well with complete attention being able to make a journey into the universe of music, an expedition leading to a deeper experience of the senses, if you want to do so. The beautiful, catchy melodies surprise now and then with a powerful accompaniment, which adds dynamics and movement to the music. That is what creates a unified whole of balance. The quality of The Present is outstanding.
