

Shake It Off (mp3 Album)

[DOWNLOAD HERE](#)

Piano Rock Artist with a well-rounded sound 11 MP3 Songs in this album (37:27) ! Related styles: POP: Piano, POP: Pop Underground People who are interested in Billy Joel Elton John Ben Folds should consider this download. Details: Johnny Lingo is perhaps the next big thing. Hailing from Providence, Rhode Island, the guy who always swore hed never become a musician has become something more: an artist. Johnny Lingo behind the keys is something to behold. He writes with the bombast of Elton John or Ben Folds, and the pop sensibility of Billy Joel. His debut album, 2009s Shake It Off, is something youre going to want to hear. Johnny Lingo is going to be compared heavily to artists such as Folds, John and Joel; due to the piano-driven rock style he writes in. The comparison is fair and warranted. Johnny Lingo benefits from the path they have cut in the rock universe, and he writes well enough to carry his own weight amongst such luminaries. Whether Joel-esque story songs (Step Outside), jazz-fueled rock (Foolin' Around), new wave (Fallen Angel) or Folds-style brashness (1in10), Johnny Lingo can do it all. Shake It Off is a how-to guide for making a great piano driven rock album. Other highlights include Marquee Move, This Man and Guess Again, which is the most starkly personal song on the album. Shake It Off introduces Johnny Lingo to the world. This debut is more like a big bang than a cosmic whistle. Johnny Lingo is a rare talent who will not stay hidden. I'd like to hear another album before we truly put him in the circle with the likes of Folds, John and Joel, but he's making an argument you have to listen to. Rating: 4.5 Stars (Out of 5)
