went to St. Mary's college of Maryland where i met Ade-Ade, Tenny, Kenny, and other colleagues, who were also into music, and they had a group the year before which was popular on campus, but when i got there i took over. i made my first song chill which, and i featured ade on it, and then it became the campus anthem. how great. i posted that song online, myspace, facebook, hi5, tagged and so on. and people felt in love with it. and what happens next it is a history in the making. in about 3 months, i received over 15,000 messages, and they were possitive, in fact, people wante to hear more from me. than i came up with the idea of making an abum so i can give them what they exactly want. on April, 3, 2008, i released the album, under my label, "All-TIME RECORDS Studio" and for an independent artist who is just doing music for the love of it, the album succeded. and its now available on PayPlay: [payplay.fm/aime](http://payplay.fm/aime) CdBaby: [cdbaby.com/cd/aime](http://cdbaby.com/cd/aime) and on AOL MUSIC: [music.aol.com/artist/aime-m/800216](http://music.aol.com/artist/aime-m/800216) PLEASE GET YOURSELF A COPY. As of now, my goal is to reach out to the whole wide world with my voice and talent, and i believe that you can help buy, playing my music, telling your friends and family about my music and i, and supporting me by buying my music and encouraging me. I recently did a live show at St. Mary's college of maryland to which i have posted the free video, and you can watch it righ here on my page. so please watch it, comment it, rate it, along with all my other video, I WANT TO GET THE SPOT LIGH, and i need your help.
