Smoothjazz with an edge, Aniya is back with a live and jazzy sound for the mind and soul. 10 MP3 Songs

JAZZ: Smooth Jazz, JAZZ: Acid Jazz Details: IN THE MOMENT, a collage of Smooth, Latin and Traditional jazz, with elements of Neo-Soul and Hip-Hop. The group Aniya has come back to CD-baby with a new CD that expresses growth and a continual search for a contemporary Jazz sound, that all people can enjoy. Aniya has also added some new and important elements to the group; Mark Mitchell on sax has a very soulful sound and stays true to the Jazz tradition; Nate Jacobs on drums, who loves to swing just as much as he loves, Hip-Hop and Neo-Soul. We also had the help of two guest artists on the project. Jay Shatill, an excellent piano player, whom I met way back at my first audition for the Temple University Jazz Music School. He has become one of the hottest jazz musicians in Philly. Secondly, Tim Sessoms, a new up and coming keyboardist from Wilmington, DE., played great and gave advice for the mixes on the project. Tyrone Blanford (T. Bone) on bass, did his same consistent job. In addition, Andre Hoxter (Dre) on keys, came through as he always does. For additional information on group and members, please visit aniyajazz.com. Therefore, I hope you enjoy our CD, In The Moment. Peace. D. Boyer IV
